

1. How K-LOVE serves you as a resident of the local community.

I beleive that K-Love serves me greatly, I listen to it in the car on the way to work, at work, in the car on the way home and have my radio station set on K-Love at home. I am very inspired by the music and the christian people on the air.

2. The effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming. I wouldn't listen to any other station, as a christian I like that they don't have advertisment for junk and things I like being able to listen to the music with out all that interruptions. I feel you would be taking away a very wonderful station if you would do this.

3. Why you believe that the service provided by K-LOVE is in the public interest.

It has help many people find their way to God, and help many children, teenager and adults. They give us a wonderful music and scripture. Why would you want to take this away from us? It would be horrible not to have this station to listen to.
